"Web Development Trends: From Progressive Web Apps to Web Assembly" - A Report

Date	: August 04, 2019
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: Dr. Nataraj K, Associate Professor in Computer Science, Besant Theosophical College, Madanapalle
Number of Attendees	: 152 Students and Computer Science Faculty

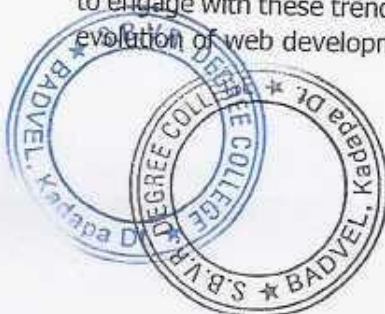

The Department of Computer Science at SBVR Degree College organized a seminar on "Web Development Trends: From Progressive Web Apps to Web Assembly" on August 04, 2019. This seminar aimed to provide students and computer science faculty with a comprehensive understanding of the latest trends and innovations in web development. The resource person is an esteemed Associate Professor in Computer Science from Besant Theosophical College, Madanapalle, served as the distinguished resource person for the event.

The seminar opened with a warm welcome to all attendees and an official inauguration by the Head of the Computer Science Department and the Members of the Department. This set the stage for a day of insightful discussions and exploration of cutting-edge web development trends. Dr. Nataraj K commenced the seminar by introducing the audience to the rapidly evolving field of web development. He emphasized how web applications have become an integral part of modern life and the need for developers to stay updated on emerging technologies.

The resource person explored the latest trends in web development, beginning with Progressive Web Apps (PWAs). He explained how PWAs are transforming the user experience on the web by providing a seamless, fast, and reliable experience, like native applications, and how they are changing the landscape of mobile and web development.

Dr. Nataraj K also discussed Web Assembly, a groundbreaking technology that enables high-performance, low-level code to run directly in web browsers. He elaborated on the potential of Web Assembly to revolutionize web applications, making them faster and more efficient. An interactive Q&A session provided students and faculty members with the opportunity to seek clarification on various aspects of web development trends. Dr. Nataraj K addressed questions, fostering a deeper understanding of the subject matter and facilitating meaningful discussions.

The seminar on "Web Development Trends: From Progressive Web Apps to Web Assembly" was a resounding success, leaving the 152 students and computer science faculty members with valuable insights into the latest advancements in web development. It not only reinforced the importance of staying current in this dynamic field but also inspired participants to engage with these trends, experiment with new technologies, and contribute to the ongoing evolution of web development.

Seminar Report on : "Cybersecurity in the Age of Digital Transformation"

Date	: February 18, 2020
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: Dr. M Mallikarjuna, Assistant Professor in Computer Science, Besant Theosophical College, Madanapalle
Number of Attendees	: 132 Students and Computer Science Faculty

The seminar on "Cybersecurity in the Age of Digital Transformation" was a significant success, leaving the 132 students and computer science faculty members with a deeper understanding of the critical role of cybersecurity in the digital age. It underscored the importance of proactively addressing cyber threats and promoting a culture of cybersecurity awareness and preparedness.

On February 18, 2020, the Department of Computer Science at SBVR Degree College organized a seminar on "Cybersecurity in the Age of Digital Transformation". The seminar was designed to address the growing importance of cybersecurity in the context of rapid digital transformation and was attended by 132 students and the members of computer science department. Dr. M Mallikarjuna, an accomplished Assistant Professor in Computer Science from Besant Theosophical College, Madanapalle, was the honoured resource person for the event.

The seminar began with a warm welcome to all attendees and an official inauguration by the Head of the Computer Science Department and the members of the department. This set the stage for a day of illuminating discussions on the significance of cybersecurity in the current digital landscape. Dr. M Mallikarjuna initiated the seminar by presenting an overview of the digital transformation and its impact on various aspects of society, including businesses, government, and individuals. He emphasized that the exponential growth in digital data and technology adoption has significantly increased the surface area for cyber threats.

The resource person explored various dimensions of cybersecurity, ranging from understanding common cyber threats to the role of encryption and authentication in safeguarding sensitive data. He also discussed emerging technologies such as artificial intelligence and machine learning and how they are being leveraged to enhance cybersecurity. Throughout the seminar, Dr. M Mallikarjuna emphasized the importance of a proactive cybersecurity approach, including security awareness, incident response, and the implementation of robust security measures. He shared practical insights into best practices for protecting digital assets and maintaining the integrity of online systems. An interactive Q&A session provided students and faculty members with the opportunity to seek clarification on various aspects of cybersecurity. Dr. M Mallikarjuna addressed questions and encouraged participants to be vigilant and informed in the face of evolving cyber threats.

"Women in Entrepreneurship: Breaking Barriers and Shattering Ceilings" - A Report

On October 26, 2019, a seminar *entitled "Women in Entrepreneurship: Breaking Barriers and Shattering Ceilings"* took place in the Seminar Hall of SBVR Degree College. The seminar aimed to highlight the challenges and successes of women in the field of entrepreneurship and inspire students to break through societal barriers and reach their full entrepreneurial potential. The resource person for the seminar was Dr Vara Prasad R, an Associate Professor in Management from REVA University, Bangalore.

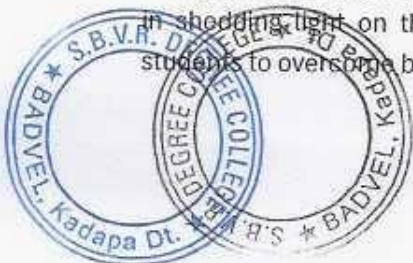

The Seminar played a crucial role in raising awareness about the challenges faced by women in entrepreneurship and the need for a more equitable and inclusive entrepreneurial environment. It inspired the 187 students in attendance to break down barriers and shatter the glass ceilings that may hinder their entrepreneurial dreams.

The seminar commenced with welcoming remarks from the Principal of SBVR Degree College, who expressed the significance of women's participation in entrepreneurship and the need to address the gender disparities that exist in this field. Dr Vara Prasad R began the seminar with a comprehensive introduction to women's role in entrepreneurship. He highlighted the historical challenges women have faced and the progress that has been made in recent years.

The resource person shared inspiring success stories of women entrepreneurs who have excelled in various industries. These stories showcased the determination and innovative spirit of women who broke through societal norms and built successful businesses. Dr Vara Prasad R discussed the various barriers and challenges that women entrepreneurs may encounter, including access to funding, work-life balance, and gender bias. He encouraged students to recognize these challenges and work collectively to overcome them.

The seminar explored the importance of a supportive entrepreneurship ecosystem and how it can facilitate the growth of women entrepreneurs. Topics included mentorship, networking, and government initiatives that promote women in business. The seminar also featured an interactive session where students had the opportunity to ask questions and engage in discussions with Mr. Vara Prasad. This allowed for a deeper understanding of the unique issues faced by women in entrepreneurship and strategies to overcome them.

At the end of the seminar, students provided feedback, and the response was overwhelmingly positive. Attendees found the seminar to be insightful and motivational, and many expressed their eagerness to explore entrepreneurial opportunities. The event succeeded in shedding light on the challenges and triumphs of women in entrepreneurship, inspiring students to overcome barriers and strive for success.

Seminar Report on: The Impact of Intellectual Property Rights on Developing Countries on 10-11-2019

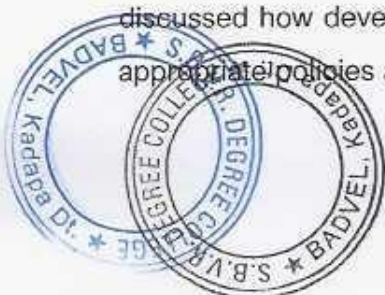

On the 10-11- 2019, a seminar titled "The Impact of Intellectual Property Rights on Developing Countries" was held with 129 captivating the audience in the Seminar Hall of SBVR Degree College, Badvel. This seminar addressed the intriguing issue of intellectual property rights (IPR) and their effects on developing nations. Dr. Y Madhusudhan Reddy, an esteemed Associate Professor in Mathematics at SV Degree College, Anantapur, was the esteemed speaker for this event, bringing his expertise to explore the multifaceted topic of IPR in the context of developing countries.

The seminar commenced with a cordial welcome to Dr. Y Madhusudhan Reddy, a respected authority on the subject. Dr. Y Madhusudhan Reddy initiated the presentation by introducing the attendees to the nuanced realm of intellectual property rights and their influence on economies in the developing world. He emphasized the significance of this topic in today's globalized society, where innovation and access to knowledge play pivotal roles in development.

Dr. Y Madhusudhan Reddy delved into the intricate dynamics of intellectual property rights, explaining how patents, copyrights, and trademarks can both foster and hinder progress in developing countries. He highlighted the potential benefits of IPR, such as incentivizing local innovation and attracting foreign investment.

However, the seminar also delved into the challenges posed by IPR, particularly regarding access to essential resources like medicines and technology. Dr. Reddy pointed out the often-contentious issues related to pharmaceutical patents and how they impact access to life-saving medications in developing countries.

The seminar emphasized the need for a balanced approach to intellectual property rights, where nations strike a harmonious chord between protecting innovations and ensuring equitable access to knowledge. Dr. Y Madhusudhan Reddy discussed how developing countries can navigate these complexities by formulating appropriate policies and negotiating international agreements.

Seminar Report on : "The Role of Case Studies in Research Methodology" on 15-09-2019

On 15-09-2019, SBVR Degree College, Badvel, hosted a highly informative seminar on "The Role of Case Studies in Research Methodology: A Comprehensive Review." The event attracted a diverse audience of 105 students and 18 faculty members, eager to learn about the crucial role that case studies play in research. Dr. K Nataraj, an esteemed Associate Professor in Computer Science at Besant Theosophical College, Madanapalle, delivered the keynote address.

Dr. Nataraj K began by defining case studies as in-depth examinations of a particular subject or phenomenon within a real-world context. He emphasized their significance across various academic disciplines and their utility in both qualitative and quantitative research.

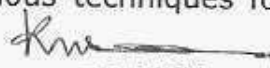

Dr. Nataraj K then delved into the diverse types of case studies, including exploratory, explanatory, descriptive, and instrumental case studies. He provided vivid examples of each type, highlighting their effective application in different research scenarios. He also discussed the process of selecting a case, collecting data, and analysing findings.

A key focus of the seminar was the role of case studies in generating rich, context-specific data. Dr. Nataraj K stressed how case studies enable researchers to explore complex, real-world issues in depth, often leading to a deeper understanding of the subject matter. He underscored that case studies are particularly valuable in addressing "how" and "why" questions in research, which may be inadequately addressed by other methodologies.

Dr. Nataraj K also emphasized the critical importance of rigour and validity in conducting case studies. He discussed various techniques for

ensuring the trustworthiness of data and findings, including triangulation, member checks, and peer debriefing. These discussions not only educated the participants but also underscored the ethical responsibilities involved in case study research.

Throughout his presentation, Dr Nataraj K shared practical examples and case studies from his own research and experiences. These real-world applications captivated the audience, allowing them to witness the potential of case studies as a research methodology.

The seminar concluded with a vibrant question-and-answer session. Participants actively engaged with Dr. Nataraj K, seeking clarifications and guidance on implementing case studies in their research projects. Dr. Nataraj's responses were informative and insightful, fostering a spirit of collaborative learning.

Overall, the seminar on "The Role of Case Studies in Research Methodology" was a resounding success. Dr. Nataraj's presentation was illuminating and engaging, providing the audience with a comprehensive understanding of case studies as a research methodology. The seminar left a lasting impression on both students and faculty, inspiring them to explore the vast possibilities that case studies offer in academic and practical research. It was a vital step towards nurturing a research-oriented mindset among the academic community of SBVR Degree College, Badvel

Seminar Report on "Women and Law: Achievements and Challenges in Gender Justice" on 15-07-2019

SBVR Degree College, Badvel, organized a seminar titled **"Women and Law: Achievements and Challenges in Gender Justice"** on 15-07-2019. The event took place in the college's Seminar Hall and witnessed active participation of 126 students.

The Resource Person, an esteemed Assistant Professor of Law at Sri Vijaya Nagar College of Law, Anantapur. Her extensive expertise and passion for gender justice provided a solid foundation for an enlightening discussion.

The seminar began with a formal welcome and inauguration led by the Head of the Institution. The Resource Person commenced the session by outlining the significant progress made in gender justice through legal frameworks and policy reforms. She highlighted key milestones such as the implementation of the Domestic Violence Act, amendments to inheritance laws, and the reservation of seats for women in local governance.

Exploring the challenges, The Resource Person emphasized the persistent issues of gender-based violence, wage disparity, and underrepresentation of women in leadership roles. She explained how societal and cultural barriers often hinder the effective implementation of gender-justice laws. Her presentation underscored the importance of creating awareness and fostering gender-sensitive environments within communities.

During her session, The Resource Person also addressed landmark cases that have shaped the discourse on women's rights in India. She discussed judgments on issues like sexual harassment at the workplace, equal pay, and reproductive rights, illustrating how the judiciary plays a pivotal role in upholding gender justice.

The seminar also included an interactive segment where attendees actively engaged with the resource person. Questions ranged from the legal remedies

available for women facing discrimination to the role of education in empowering women. Dr. Vasavi Latha encouraged the participants to become advocates of gender equality and contribute towards a more inclusive society.

In her concluding remarks, The Resource Person urged students to explore careers in legal advocacy and policymaking to address the systemic challenges faced by women. She stressed the need for continuous dialogue and action to bridge the gap between laws and their effective enforcement.

The seminar was a resounding success, providing attendees with a deeper understanding of the achievements and ongoing challenges in the realm of women and law. It inspired participants to actively contribute to the pursuit of gender justice in their personal and professional lives.

Seminar Report on The Confident Speaker: Tools and Tips for First-Time

Presenters on 12-08-2019

Title	: The Confident Speaker: Tools and Tips for First-Time Presenters
Date	: 12-08-2019
Speaker	: Dr. B. Ramalakshma Reddy, Retired Principal
Venue	: SBVR Degree College Seminar Hall
Organized by	: All Language Departments
No. of Students	: 149

On the 12-08-2019, a seminar titled "**The Confident Speaker: Tools and Tips for First-Time Presenters**" was conducted by **Dr. B. Ramalakshma Reddy**, Retired Principal. The seminar, held at the SBVR Degree College Seminar Hall, attracted an audience comprising students, faculty, and aspiring presenters. The session aimed to equip first-time presenters with the tools and confidence required to deliver impactful presentations.

The resource person began the session by discussing common fears and challenges faced by novice speakers, such as stage fright, lack of preparation, and fear of judgment. He provided strategies to overcome these barriers, including deep breathing exercises, visualization techniques, and practicing in front of small, supportive audiences. The emphasis on building confidence resonated strongly with the attendees.

An important part of the seminar was dedicated to the structure of an effective presentation and outlined its essential components: an engaging introduction to capture the audience's attention, a clear and organized body to present the main content, and a strong conclusion to summarize key points and leave a lasting impression. He also highlighted the role of slides and other visual aids in enhancing clarity and impact, providing tips for designing visually appealing and easy-to-understand materials.

Non-verbal communication was another key focus area. Dr. Reddy demonstrated how posture, gestures, facial expressions, and eye contact play a crucial role in engaging the audience and conveying confidence. He also facilitated interactive practice sessions where participants delivered short presentations and received constructive feedback. These activities allowed attendees to apply the concepts discussed during the seminar and gain hands-on experience.

The seminar was well-received, with participants appreciating Dr. Reddy's approachable and encouraging style. Many attendees found the practical tips and interactive exercises particularly helpful in boosting their confidence and presentation skills.

The Art of Analysis: Strategies for Effective Problem-Solving – Seminar Report 10-11-2019 at SBVR Degree College, Badvel

On 10-11-2019, SBVR Degree College, Badvel, hosted a seminar titled "The Art of Analysis: Strategies for Effective Problem-Solving." The event aimed to equip students with analytical tools and techniques to enhance their problem-solving abilities in both academic and real-world contexts. A total of 187 students actively participated in the seminar, making it a highly engaging and impactful session. The resource person for the event was Mr. K. Ravi Kumar, Assistant Professor of Mathematics at SV Degree & PG College, Anantapur. The seminar commenced with a warm welcome from the Principal of SBVR Degree College, who emphasized the importance of critical thinking and analytical skills in addressing modern challenges. The organizing committee expressed their gratitude to Mr. K. Ravi Kumar for sharing his expertise with the students.

Mr. K. Ravi Kumar began the session by introducing the concept of analysis and its significance in effective problem-solving. He explained how analytical thinking enables individuals to break down complex problems into manageable parts, identify patterns, and devise logical solutions. He outlined several strategies for improving problem-solving skills, including identifying the core problem, collecting and organizing relevant data, recognizing patterns, testing hypotheses, and applying iterative thinking to refine solutions based on feedback and outcomes.

While emphasizing the role of analytical skills in mathematics, Mr. Ravi Kumar also highlighted their applications across various fields such as science, business, and technology. He provided real-life examples to demonstrate how structured problem-solving approaches lead to better decision-making. The seminar also addressed common challenges faced during problem-solving, such as lack of clarity, biases, and over-complication. Mr. Ravi Kumar encouraged students to adopt a disciplined and open-minded approach to overcome these obstacles.

The students raised questions about specific problem-solving techniques and their applications. Mr. Ravi Kumar's clear and practical explanations helped attendees gain a deeper understanding of the subject. Many students found this segment particularly valuable as it allowed them to directly engage with the resource person and clarify their doubts.

The seminar concluded with a feedback session where students expressed their appreciation for the resource person's engaging presentation and practical insights. Many attendees noted that the seminar helped them view problem-solving as an organized and manageable process. The event was a resounding success, leaving students with valuable strategies to enhance their analytical and problem-solving skills. It reinforced the importance of critical thinking as an essential life skill and motivated students to approach challenges with confidence and clarity.

Seminar Report on "From Challenges to Opportunities: Developing a Problem-Solver's Mindset" on 12-01-2020

On 12-01-2020, SBVR Degree College hosted a seminar titled "From Challenges to Opportunities: Developing a Problem-Solver's Mindset." The seminar focused on equipping students with the mindset and skills required to effectively address challenges and turn them into opportunities. The event was conducted by Dr. M. Doraiswamy Naik, Assistant Professor, and attracted a large number of enthusiastic participants.

The seminar began with a welcome address by the Principal of SBVR Degree College, who highlighted the importance of cultivating a problem-solver's mindset in today's fast-paced and dynamic world. The organizing committee thanked Dr. M. Doraiswamy Naik for taking the time to share his expertise with the students.

Dr. Naik commenced the session by explaining the significance of mindset in tackling challenges. He emphasized that problems are not roadblocks but opportunities for growth and innovation. He introduced the concept of a problem-solver's mindset as one that combines creativity, resilience, and critical thinking. Through engaging examples and anecdotes, he demonstrated how individuals and organizations have turned challenges into successful ventures by adopting this mindset.

The seminar covered various strategies for developing a problem-solver's mindset. Dr. Naik highlighted the importance of identifying the root cause of challenges, thinking creatively, and maintaining a positive outlook. He encouraged students to view problems as opportunities for learning and to approach them with curiosity and persistence. Additionally, he discussed the role of teamwork, communication, and adaptability in addressing complex issues effectively.

Dr. Naik also explored how to overcome common barriers to problem-solving, such as fear of failure, limited perspectives, and lack of confidence. He urged students to embrace a growth mindset, where setbacks are seen as valuable lessons rather than permanent failures. By fostering this mindset, he explained, individuals can build resilience and navigate challenges with confidence.

The session included an interactive segment where students shared their personal experiences with challenges and sought advice from Dr. Naik on overcoming them. This open dialogue created an engaging and collaborative environment, allowing participants to gain practical insights and solutions.

The seminar concluded with a feedback session, during which students expressed their appreciation for the resource person's insightful and inspiring presentation. Many attendees noted that the seminar had transformed their perspective on challenges, motivating them to approach problems with confidence and creativity.

Overall, the seminar was a great success, leaving students with valuable strategies to develop a problem-solver's mindset. It underscored the importance of resilience, adaptability, and innovative thinking in turning challenges into opportunities and empowered students to face future challenges with optimism and determination.

Report on "Statistics Made Simple: Decoding the Numbers Around Us" Seminar on 01-08-2019 for the Academic Year 2019-20

Date: 01-08-2019

Venue: Seminar Hall, SBVR Degree College

Resource Person: DR G Pavan Kumar, Lecturer in Commerce, SKP Government Degree College, Guntakal.

Number of Attendees: 147 Students

The seminar on "Statistics Made Simple: Decoding the Numbers Around Us" was conducted at the Seminar Hall of SBVR Degree College on 01-08-2019. The seminar aimed to shed light on the significance of statistics and its application in understanding and interpreting data in everyday life. The resource person for the seminar was Dr. G Pavan Kumar, a distinguished lecturer in Commerce from SKP Government Degree College in Guntakal.

The seminar commenced with a warm welcome to the attendees. The Principal of SBVR Degree College, along with the organizing committee, inaugurated the event. The resource person, began the seminar by providing a comprehensive overview of statistics. He emphasized the importance of statistics in today's world and its role in decision-making, data interpretation, and problem-solving.

The resource person highlighted some of the current trends in statistics, such as data visualization, data analytics, with statistical methods and he discussed how these trends are shaping industries like business, healthcare, education, and technology.

The resource person delved into the crucial role of statistics in modern problem-solving. He explained how statistics provide tools to analyze real-world data, identify patterns, and make informed decisions. He also emphasized the importance of data integrity and ethical practices in statistical analysis.

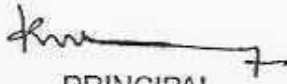

The seminar addressed the challenges that individuals may face when working with statistical data, including data misrepresentation, biases, and lack of understanding of statistical methods. The resource person highlighted various opportunities available in the field of data science, business analytics, and research, encouraging students to explore careers in these areas.

The seminar featured an interactive Q&A session where students had the chance to ask questions and seek clarifications on various aspects of statistics and its applications. This session allowed for a deeper understanding of the subject matter.

After the seminar, attendees were asked to provide their feedback, and the response was overwhelmingly positive. Students appreciated the informative content and the opportunity to interact with an experienced resource person. The event was a significant success, providing valuable insights into the relevance of statistics in understanding data and its application in diverse fields. It encouraged students to think critically about how statistics can empower them to solve real-world problems and make informed decisions.

"Data Science and Big Data Analytics: Unravelling Insights" - Report

Date	: December 02, 2022
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: Dr. M Mallikarjuna, Assistant Professor in Computer Science, S V Degree College, Anantapur.
Number of Attendees	: 145 Students and Computer Science Faculty
Venue	: Seminar Hall, SBVR Degree College, Badvel

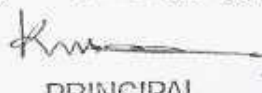

On December 02, 2022, the Department of Computer Science at SBVR Degree College organized a seminar titled **"Data Science and Big Data Analytics: Unravelling Insights"**. This seminar aimed to address the profound impact of data science and big data analytics in our data-driven world. The event was attended by 145 students and computer science faculty members of the institution. Dr. M Mallikarjuna, an accomplished Assistant Professor in Computer Science from S V Degree College, Anantapur, served as the esteemed resource person for the event.

The seminar commenced with a warm welcome to all attendees and an official inauguration led by the Head of the Computer Science Department and the organizing committee. The resource person explained the fundamental concepts of data science, including data collection, cleaning, and analysis. He discussed the role of machine learning and artificial intelligence in making sense of complex datasets and how these technologies are used to derive valuable insights. Throughout the seminar, Dr. M Mallikarjuna highlighted the practical applications of data science and big data analytics in fields such as predictive analytics, recommendation systems, and healthcare diagnostics. He emphasized how these tools are revolutionizing decision-making processes.

An interactive question and answer session allowed students and faculty members to engage with the resource person. Attendees raised questions and sought clarification on various aspects of data science, big data, and the career

prospects in this rapidly growing field. The seminar on "Data Science and Big Data Analytics: Unravelling Insights" was a significant success, leaving the 145 students and computer science faculty members with a deeper understanding of the role of data science in shaping the future. It highlighted the enormous potential for extracting valuable insights from data and inspired attendees to consider data-related careers in this era of data-driven decision-making.

Report on the Seminar Entitled "Start, Scale, Succeed: A Guide to Entrepreneurship"

On February 17, 2022, the Seminar Hall at SBVR Degree College hosted a dynamic seminar titled "Start, Scale, Succeed: A Guide to Entrepreneurship." The seminar aimed to equip 142 students with the knowledge and insights needed to navigate the complex world of entrepreneurship. Dr. Pavan Kumar G, a highly regarded Lecturer in Commerce from Government Degree College, Guntakal, was the distinguished resource person for the event.

The seminar commenced with a warm welcome to the attendees and the official inauguration by the Principal of SBVR Degree College and the organizing committee. This set the tone for an informative and inspiring session. Dr. Pavan Kumar G initiated the seminar by providing an in-depth introduction to the world of entrepreneurship. He emphasized the pivotal role entrepreneurs play in driving economic growth, job creation, and innovation. He also highlighted the importance of fostering an entrepreneurial mindset, irrespective of one's chosen career path.

Throughout the event, Dr. Pavan Kumar G emphasized the importance of various aspects of entrepreneurship, including identifying opportunities, building a business plan, and securing funding. He shared valuable insights into the start-up ecosystem, highlighting the significance of creativity, resilience, and adaptability.

One of the most significant takeaways from the seminar was the discussion of the common pitfalls and failures that entrepreneurs encounter. Dr. Pavan Kumar G shared stories of well-known entrepreneurs who faced setbacks but eventually triumphed through persistence and learning from their mistakes. This encouraged students to view failures as valuable learning experiences.

The seminar included an engaging interactive session where students had the opportunity to ask questions and seek advice on various aspects of entrepreneurship. This session allowed for a deeper understanding of the subject matter and gave attendees a chance to address their specific queries.

The seminar on "Start, Scale, Succeed: A Guide to Entrepreneurship" was a significant success, providing invaluable insights into the world of entrepreneurship and equipping the 142 students with the knowledge and inspiration needed to embark on their entrepreneurial journeys. It was a meaningful step in nurturing the entrepreneurial spirit among the students of SBVR Degree College and empowering them to become future business leaders and innovators.

Detailed Seminar Report on : Intellectual Property Rights and Global Business on 09-12-2021

A thought-provoking seminar titled "Intellectual Property Rights and Global Business" unfolded on the 09-12- 2021 at the Seminar Hall of SBVR Degree College, Badvel. This engaging event explored the intricate relationship between intellectual property rights (IPR) and the dynamic realm of global business with 137 students. Dr. Nataraj K, an esteemed Associate Professor in Computer Science at SSGS Degree College, Guntakal, shared his extensive expertise with the audience, shedding light on the intersection of IPR and the global business landscape.

The seminar began with a warm welcome to Dr. Nataraj K, a respected figure known for his profound understanding of the subject matter. Dr. Nataraj set the stage by unveiling the multifaceted world of intellectual property rights and their undeniable impact on global business. He emphasized the pivotal role of IPR in today's international trade and commerce environment, where innovation, technology, and knowledge assets hold the keys to success. Dr. Nataraj took the audience on an in-depth exploration of how intellectual property rights intersect with global business practices. He discussed the significance of patents, copyrights, and trademarks in the protection of intellectual creations and how they play a crucial role in the competitiveness of multinational corporations. These rights are valuable assets that enable companies to safeguard their innovations and establish unique identities in the global market.

The seminar also delved into the intricate aspects of IPR enforcement on a global scale. Dr. Nataraj elucidated the complexities associated with protecting intellectual property rights across different countries and jurisdictions. He discussed the significance of international agreements, such as the Trade-Related Aspects of

Seminar Report on

"The Importance of Sampling Techniques in Research Methodology"

on 19-12-2021

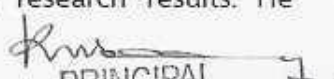

On the 19-12-2021, a seminar titled "The Importance of Sampling Techniques in Research Methodology" took place in the Seminar Hall of SBVR Degree College, Badvel. This seminar attracted a diverse audience, including 132 students and 17 faculty members, all eager to expand their understanding of research methodologies. Dr. Y Madhusudan Reddy, an esteemed Associate Professor in Mathematics at S V Degree College, Anantapur, served as the resource person for the event, offering valuable insights into the critical role of sampling techniques in research.

The seminar began with a warm welcome to Dr. Y Madhusudan Reddy, whose extensive expertise in mathematics and research methodologies was highly anticipated. Dr. Reddy initiated the presentation by emphasizing the foundational importance of sampling in research. He explained that the selection of a sample from a larger population is a crucial aspect of research, as it determines the validity and generalizability of study findings. Dr. Y Madhusudan Reddy delved into the various sampling techniques, distinguishing between probability and non-probability sampling methods. He discussed simple random sampling, stratified sampling, systematic sampling, and cluster sampling, providing practical examples to illustrate their application. He stressed the importance of choosing the most appropriate technique based on the research objectives and the characteristics of the population under study.

The seminar explored the significance of sampling error and how it can affect research outcomes. Dr. Reddy elaborated on how larger sample sizes often lead to reduced sampling errors, contributing to the reliability of research results. He

highlighted the role of margin of error and confidence intervals in quantifying the uncertainty associated with sampling. Dr. Y Madhusudan Reddy also discussed non-probability sampling methods, such as convenience sampling and purposive sampling. While acknowledging their limitations in terms of generalizability, he explained that these methods can still be valuable in specific research contexts, particularly when studying hard-to-reach populations or conducting exploratory research.

Throughout the presentation, Dr. Y Madhusudan Reddy provided practical examples and case studies to illustrate the application of sampling techniques in various research disciplines. This approach allowed the audience to grasp the real-world relevance and versatility of these methods. The seminar concluded with an engaging question-and-answer session. The participants actively interacted with Dr. Y Madhusudan Reddy, seeking clarification and guidance on the selection and implementation of sampling techniques in their research projects. Dr. Y Madhusudan Reddy responses were both informative and enlightening, fostering a collaborative learning environment.

A vote of thanks was extended to Dr. Y Madhusudan Reddy for his enlightening presentation on the importance of sampling techniques in research methodology. The seminar left the audience with a deeper understanding of the critical role that sampling plays in research design and data collection. It served as a valuable step in promoting a research-oriented mindset among the students and faculty of SBVR Degree College, Badvel, preparing them to conduct high-quality research in their respective fields.

Seminar Report: Exploring the Impact of Technology on Contemporary Research Methodology on 18-01-2022.

On the 18-01-2022, an insightful seminar titled "Exploring the Impact of Technology on Contemporary Research Methodology" took place in the Seminar Hall of SBVR Degree College, Badvel. This seminar garnered the attention of a diverse audience, including 154 students and 18 faculty members, all eager to gain knowledge about the role of technology in modern research methodologies. Dr. K Nataraj, an esteemed Associate Professor in Computer Science at SSGS Degree College, Guntakal, was the distinguished resource person for the event, bringing expertise in the intersection of technology and research.

The seminar commenced with a warm welcome to Dr. K Nataraj, whose reputation as an expert in computer science and research methodologies was highly anticipated. Dr. Nataraj initiated the presentation by highlighting the profound impact of technology on contemporary research. He underlined how technology has revolutionized data collection, analysis, and dissemination processes, making research more efficient and accessible. Dr. Nataraj delved into the various ways in which technology has transformed research methodologies. He discussed the advent of online surveys and data collection tools, emphasizing their advantages in terms of speed and cost-effectiveness. He also explored the role of data analysis software, demonstrating how it can handle large datasets and complex statistical analyses, empowering researchers with new capabilities.

One of the central themes of the seminar was the impact of technology on data storage and management. Dr. Nataraj explained how cloud computing and advanced databases have made it easier to store, access, and share research data securely. He discussed the importance of data security and ethical considerations in this context, emphasizing the responsibility of researchers to protect sensitive information. The

seminar also delved into the role of technology in enhancing collaboration among researchers. Dr. Nataraj described how digital platforms and tools facilitate teamwork, enabling researchers from around the world to collaborate seamlessly. He showcased examples of interdisciplinary research made possible by technology, resulting in innovative solutions to complex problems.

Dr. Nataraj highlighted the importance of ethical considerations in research that incorporates technology. He discussed issues such as data privacy, informed consent, and the responsible use of artificial intelligence and machine learning in research. These discussions illuminated the ethical challenges researchers may encounter when employing technology. Throughout the seminar, Dr. Nataraj shared practical examples and case studies from the field of computer science and research, showcasing how technology has transformed research methodologies. These real-world applications provided the audience with tangible insights into the potential of technology in research.

The seminar concluded with an interactive question-and-answer session, during which the audience actively engaged with Dr. Nataraj, seeking guidance and clarification on the integration of technology into their research projects. Dr. Nataraj's responses were both informative and inspiring, fostering a collaborative learning environment.

In closing, a vote of thanks was extended to Dr. K Nataraj for his illuminating presentation on the impact of technology on contemporary research methodology. The seminar left the audience with a profound appreciation of the transformative power of technology in research and prepared them to harness its potential in their future research endeavors. It was a significant step toward fostering a research-

oriented mindset among the students and faculty of SBVR Degree College, Badvel.

Seminar Report on

The Future of Commerce: A Digital Revolution on 06-08-2021

Topic	: The Future of Commerce: A Digital Revolution
Date	: 06-08- 2021
Organized by	: SBVR Degree College, Badvel
Participants	: 95 students
Resource Person	: P. Sreenivasulu, Senior Lecturer, SSGS Degree College

SBVR Degree College, Badvel, organized a seminar on "The Future of Commerce: A Digital Revolution" on August 6, 2021. Held in the college's seminar hall, the event attracted enthusiastic participation from 95 students. The seminar aimed to explore the transformative impact of digitalization on the field of commerce, equipping students with insights into emerging technologies and their implications for the future.

The seminar began with a formal welcome and inauguration led by the Head of the Institution. The session set the stage for an engaging exploration of the digital transformation in commerce. The Resource Person, Mr. P. Sreenivasulu, a Senior Lecturer at SSGS Degree College, Guntakal, commenced the session by discussing the evolution of commerce in the digital age. With his vast experience in commerce education, Mr. Sreenivasulu provided a comprehensive overview of technological advancements reshaping the industry.

The resource person highlighted the shift from traditional commerce to e-commerce and m-commerce and explained how internet penetration, mobile devices, and digital platforms revolutionizing consumer behavior are. Explored the role of Artificial Intelligence, Big Data, and blockchain in driving innovation. Discussed how digital payment systems like UPI, digital wallets, and cryptocurrencies are enhancing financial transactions.

Addressed the growing opportunities for entrepreneurship in the digital marketplace. Highlighted challenges such as cybersecurity risks, data privacy concerns, and regulatory issues. Cited examples of successful e-commerce platforms like Amazon, Flipkart, and regional startups. Discussed the rise of digital-first businesses and the significance of digital marketing.

The seminar included an interactive segment, allowing students to engage with the resource person. Questions revolved around the application of digital tools in commerce, career opportunities in the digital economy, and strategies for adapting to rapid technological changes.

Detailed Seminar Report titled "Pitch Perfect: Strategies for Persuasive Speaking in Business" on 17-02-2022

Title	: Pitch Perfect: Strategies for Persuasive Speaking in Business
Date	: 17th February 2022
Speaker	: Dr. K. Ramakrishna Naidu, Principal, SSGS Degree College, Guntakal
Venue	: Seminar Hall
No. of Students	: 87

On the 17th of February 2022, a seminar titled "**Pitch Perfect: Strategies for Persuasive Speaking in Business**" was conducted by **Dr. K. Ramakrishna Naidu**, Principal of SSGS Degree College, Guntakal. The seminar brought together students, faculty, and business professionals eager to master the art of persuasive communication in a corporate setting.

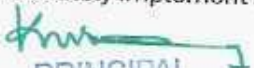

The resource person opened the session by emphasizing the importance of persuasive speaking in business environments, particularly in scenarios such as pitching ideas, negotiating deals, and influencing teams. He discussed the key attributes of effective business communication, including clarity, confidence, and audience awareness. Drawing from real-world examples, The resource person illustrated how mastering these skills can lead to better outcomes in professional interactions.

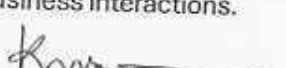

A significant portion of the seminar focused on crafting compelling messages. The resource person explained techniques for structuring business pitches, highlighting the importance of starting with a strong hook, presenting a logical argument, and concluding with a clear call to action. He stressed the value of tailoring messages to meet the needs and expectations of specific audiences.

Another key topic was the role of non-verbal communication in persuasive speaking. The resource person demonstrated how body language, facial expressions, and vocal tone can enhance or undermine the effectiveness of a message. He also shared practical tips for managing nerves and maintaining composure during high-stakes presentations.

The seminar included interactive elements, such as role-playing exercises and group discussions, which allowed participants to practice the techniques shared and receive personalized feedback. These activities helped attendees gain confidence in applying persuasive speaking strategies in their professional lives. The event received highly positive feedback from participants, who praised The resource person engaging delivery style and the practical relevance of the session. Many attendees noted that the seminar provided them with actionable insights that they could immediately implement in their business interactions.

Seminar Report "Breaking Barriers: Navigating Problems with Analytical Thinking"

on 07-10-2021 at SBVR Degree College, Badvel

On 07-10-2021, SBVR Degree College organized a seminar titled "Breaking Barriers: Navigating Problems with Analytical Thinking." The session aimed to empower students with the skills and strategies required to approach challenges analytically and develop effective solutions. The resource person for the seminar was Mr. K. Bhogesh, a Software Engineer from Bangalore, who brought his industry expertise and insights to the event.

The seminar began with an inaugural address by the Principal of SBVR Degree College, who stressed the growing importance of analytical thinking in overcoming challenges in both professional and personal domains. The organizing committee expressed their gratitude to Mr. K. Bhogesh for sharing his valuable time and knowledge with the students.

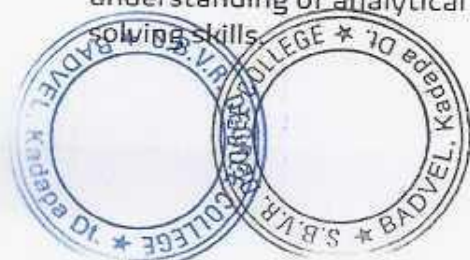

Mr. Bhogesh commenced the session by defining analytical thinking as a structured and logical approach to problem-solving. He highlighted its significance in breaking down complex issues, evaluating possible solutions, and making informed decisions. Drawing from his experience in the software industry, he shared real-life scenarios where analytical thinking had played a pivotal role in resolving challenges.

The seminar focused on equipping students with practical tools and techniques to enhance their analytical abilities. Mr. Bhogesh discussed methods such as root cause analysis, SWOT analysis, and decision trees, illustrating their applications through examples. He also emphasized the importance of data-driven decision-making and how analytical thinking enables individuals to navigate uncertainties effectively.

A significant portion of the seminar addressed common barriers to analytical thinking, such as cognitive biases, emotional influences, and lack of clarity. Mr. Bhogesh provided actionable tips to overcome these obstacles, encouraging students to approach problems with an open mind and a critical perspective. He also stressed the importance of continuous learning and adapting to new tools and technologies that support analytical processes.

The seminar included an interactive Q&A session, where students engaged actively by asking questions related to analytical thinking in various contexts. Mr. Bhogesh's thoughtful responses provided deeper insights into the subject and inspired students to apply these strategies in their academic and professional lives.

The event concluded with a feedback session, where students expressed their appreciation for the resource person's engaging presentation and practical advice. Many attendees noted that the seminar had broadened their understanding of analytical thinking and motivated them to refine their problem-solving skills.

"AI and Machine Learning: Transforming Computer Science" – A Report

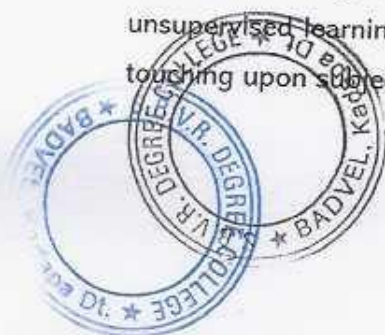

Date	: January 24, 2023
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: Dr. K Nataraj, Associate Professor in Computer Science, SSGS Degree College, Guntakal
Number of Attendees	: 167 Students and Computer Science Faculty
Venue	: Seminar Hall, SBVR Degree College, Badvel

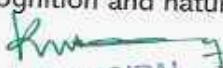

The Department of Computer Science at SBVR Degree College orchestrated a seminar themed *"AI and Machine Learning: Transforming Computer Science"* on 24-01-2023. The purpose of this seminar was to shed light on the profound implications of artificial intelligence (AI) and machine learning within the computer science domain. In attendance were 167 students and faculty members from the computer science department. Dr K Nataraj, an esteemed Associate Professor within the computer science department at SSGS Degree College, Guntakal, played the role of the resource person.

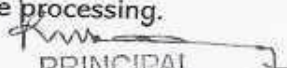

The seminar's inauguration was accompanied by a gracious welcome to all present and an official initiation ceremony led by the Head of the Computer Science Department and the organizing committee. This set the stage for a day filled with insightful discussions surrounding the transformative capacities of AI and machine learning.

Dr. K Nataraj introduced the seminar, offering a comprehensive insight into the domains of AI and machine learning. He articulated the fundamental concepts, traced the historical development, and delved into AI's expanding role across various facets of our lives, spanning fields such as healthcare, finance, and autonomous systems.

The resource person then delved into the technical intricacies of machine learning. Topics included in-depth discussions of algorithms, data training, and the paramount significance of high-quality datasets. Dr. Nataraj accentuated the roles of supervised and unsupervised learning and accentuated the real-world applications of machine learning, touching upon subjects like image recognition and natural language processing.

During the seminar's duration, ethical considerations were brought to the forefront. Dr. K Nataraj engaged with the audience on the ethical ramifications tied to AI and machine learning, including subjects like bias, transparency, and data privacy. He encouraged a responsible and principled approach in the development and application of AI. An interactive Q&A session was a platform for the engagement of students and faculty members. The participants posed queries concerning career prospects in AI and machine learning and sought clarifications on various technical aspects.

In his closing statements, Dr. K Nataraj highlighted the necessity of cultivating a profound understanding of AI and machine learning and that these fields are on the cusp of transforming a multitude of industries. Dr. Nataraj prompted students to consider careers in this realm and explore avenues for research and innovation. The seminar underscored the potential of these technologies to reshape our increasingly digital world and kindled the motivation within the attendees to explore further knowledge and careers in AI and machine learning.

Seminar Report entitled "Eco-Entrepreneurship: Sustainable Business in the 21st Century"

The seminar on "Eco-Entrepreneurship: Sustainable Business in the 21st Century" took place on February 20, 2023, at the Seminar Hall of SBVR Degree College. This timely and significant event aimed to educate and inspire 205 students about the evolving field of eco-entrepreneurship. Dr. Vara Prasad R, an esteemed Associate Professor of Management from SSGS Degree College, Guntakal, was the resource person for the seminar.

The seminar opened with a warm welcome to the attendees and an official inauguration, led by the Principal of SBVR Degree College and the organizing committee. This set the stage for a day of enlightening discussions and exploration of the sustainability-oriented business landscape.

Dr. Vara Prasad R initiated the seminar by providing an insightful introduction to eco-entrepreneurship. He emphasized the critical role of sustainable business practices in addressing pressing environmental and social challenges, such as climate change, resource scarcity, and social equity. He underscored those businesses in the 21st century must integrate eco-conscious strategies into their operations to thrive in an ever-changing world.

The resource person delved into various aspects of eco-entrepreneurship, from the concept of the triple bottom line—where businesses aim to achieve economic, social, and environmental benefits—to the role of innovation and technology in promoting sustainability. He shared examples of successful eco-entrepreneurs and discussed the positive impact their businesses have had on the environment and society.

Throughout the seminar, attendees were made aware of the growing consumer demand for eco-friendly products and services, as well as the regulatory incentives and pressures that are driving businesses toward sustainability. Dr. Vara Prasad R highlighted the potential benefits of adopting sustainable practices, including reduced costs, enhanced reputation, and access to new markets.

The seminar included an engaging interactive session during which students actively participated and sought clarifications on various aspects of eco-entrepreneurship. Dr. Vara Prasad R responded to questions and shared practical insights, fostering a deeper understanding of the subject matter.

The seminar on "Eco-Entrepreneurship: Sustainable Business in the 21st Century" was a remarkable success, providing students with a comprehensive understanding of the significance of eco-entrepreneurship in the modern world. It inspired attendees to think beyond profit and consider the broader impact of their business decisions on the environment and society. The seminar represented a meaningful step in fostering a generation of socially responsible and environmentally conscious entrepreneurs at SBVR Degree College.

Seminar Report: The Implications of Intellectual Property Rights on Innovation on 15-10-2022.

An insightful seminar, themed "The Implications of Intellectual Property Rights on Innovation," unfolded on the 15-10- 2022 with 126 students at the Seminar Hall of SBVR Degree College, Badvel. This engaging session explored the intricate relationship between intellectual property rights (IPR) and the realm of innovation. Dr. Y Madhusudhan Reddy, an esteemed Associate Professor in Mathematics at SV Degree College, Anantapur, shared his profound insights, shedding light on how IPR can influence and shape the landscape of innovation.

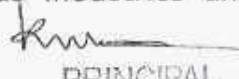

The seminar commenced with a warm welcome to Dr. Y Madhusudhan Reddy, a respected academic known for his expertise. Dr. Y Madhusudhan Reddy set the stage by introducing the audience to the thought-provoking theme of intellectual property rights and their profound implications for innovation. He emphasized that in today's knowledge-driven world, where ideas and innovation are the currency of progress, understanding the relationship between IPR and innovation is essential.

Dr. Y Madhusudhan Reddy guided the attendees through the multifaceted aspects of how intellectual property rights intersect with the process of innovation. He discussed how patents, copyrights, and trademarks serve as both catalysts and barriers to innovation. While IPR can incentivize innovators by providing legal protection and potential financial rewards, they also create constraints and challenges that must be navigated.

Real-world examples and case studies were presented to illustrate the tangible implications of IPR on innovation across various industries and

"Insights on Data Science and Big Data Analytics" on 06-09-2022 A Report

Date	: 06-09-2022
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: V Bala Gangadhar Thilak, SSGS Degree College, GTL
Number of Attendees	: 93 Students and Computer Science Faculty
Venue	: Seminar Hall, SBVR Degree College, Badvel

On 06-09-2022, the Department of Computer Science at SBVR Degree College organized a seminar titled **"Insights on Data Science and Big Data Analytics"**. This seminar aimed to address the profound impact of data science and big data analytics in our data-driven world. The event was attended by 93 students and computer science faculty members of the institution. V Bala Gangadhar Thilak, SSGS Degree College, GTL, served as the esteemed resource person for the event.

The seminar commenced with a warm welcome to all attendees and an official inauguration led by the Head of the Computer Science Department and the organizing committee. This set the stage for a day of enlightening discussions on the transformative potential of data science and big data analytics. The resource person initiated the seminar by providing an insightful introduction to data science and big data analytics. He emphasized the increasing importance of data in various sectors, including business, healthcare, and academia. He discussed the vast volume of data generated daily and the challenges and opportunities it presents.

The resource person explained the fundamental concepts of data science, including data collection, cleaning, and analysis. He discussed the role of machine learning and artificial intelligence in making sense of complex datasets and how these technologies are used to derive valuable insights. Throughout the seminar, the resource highlighted the practical applications of data science and big data analytics in fields such as predictive analytics, recommendation systems, and healthcare diagnostics. He emphasized how these tools are revolutionizing decision-making processes.

An interactive Q & A session allowed students and faculty members to engage with the resource person. Attendees asked questions and sought clarification on various aspects of data science, big data, and the career prospects in this rapidly growing field. The seminar on " Insights on Data Science and Big Data Analytics " was a significant success, leaving the 93 students and computer science faculty members with a deeper understanding of the role of data science in shaping the future. It highlighted the enormous potential for extracting valuable insights from data and inspired attendees to consider data-related careers in this era of data-driven decision-making.

A Deep Dive into Case Studies: A Powerful Research Methodology on 10-11-2022 - Report

On 10-11-2022, SBVR Degree College, Badvel, hosted an enlightening seminar titled "A Deep Dive into Case Studies: A Powerful Research Methodology." This informative event drew a captivated audience of 118 students and 12 faculty members, eager to unlock the potential of case study research. The keynote address was delivered by the esteemed Dr. K. Nataraj, Associate Professor of Computer Science at SSGS Degree College, Guntakal.

The resource person initiated the seminar by defining case studies as in-depth explorations of specific subjects or phenomena within real-world contexts. He emphasized their versatility across various academic disciplines and their suitability for both qualitative and quantitative research. The presentation delved into the diverse types of case studies, including exploratory, explanatory, descriptive, and instrumental. Through vivid examples, the resource person illustrated the effective application of each type in different research scenarios. He also provided a detailed breakdown of the case study process, covering case selection, data collection, and analysis.

A core theme of the seminar was the power of case studies to generate rich, context-specific data. The resource person highlighted how case studies enable researchers to delve deep into complex, real-world issues, leading to a nuanced understanding of the subject matter. He underscored the unique ability of case studies to address the "how" and "why" questions that often elude other research methodologies. The importance of rigor and validity in case study research was a key focus. The Resource Person discussed various techniques for ensuring the trustworthiness of data and findings, such as triangulation, member checks, and peer debriefing. These discussions not only educated the participants but also emphasized the ethical considerations inherent in case study research.

Throughout the presentation, the resource person shared practical examples and case studies from his own research experience. These real-world applications captivated the audience, showcasing the potential of case studies as a powerful research tool. The seminar concluded with a dynamic Question and Answer session. Participants actively engaged with the resource person, seeking clarifications and guidance on implementing case studies in their research projects. The insightful responses from the resource person fostered a collaborative learning environment.

The seminar on "A Deep Dive into Case Studies: A Powerful Research Methodology" was a resounding success. The resource person presentation provided the audience with a comprehensive understanding of case studies as a robust research methodology. This event inspired both students and faculty to explore the vast potential of case studies in academic and practical research, fostering a research-oriented culture within SBVR Degree College, Badvel.

Seminar Report: B2B E-commerce: Redefining Business-to-Business Relationships on 18-07-2022

Topic	: B2B E-commerce: Redefining Business-to-Business Relationships
Date	: 18-07-2022
Venue	: Seminar Hall, SBVR Degree College, Badvel
Participants	: Students and faculty of SBVR Degree College
Resource Person	: Dr. R. Varaprasad, Associate Professor in Management Studies at SSGS Degree College, Guntakal

The seminar on "B2B E-commerce: Redefining Business-to-Business Relationships" was a significant step in equipping students with the knowledge and skills needed to navigate the digital age of commerce. By highlighting the opportunities and challenges of B2B e-commerce, the event inspired students to explore innovative solutions and drive business growth.

On July 18, 2022, SBVR Degree College, Badvel, hosted a seminar on "B2B E-commerce: Redefining Business-to-Business Relationships." The event, attended by 93 students, aimed to explore the transformative impact of digital technologies on traditional B2B commerce. The keynote speaker for the seminar was Dr. R. Varaprasad, Associate Professor in Management Studies at SSGS Degree College, Guntakal. Dr. Varaprasad, a seasoned academic and industry expert, provided valuable insights into the evolving landscape of B2B e-commerce. The seminar fostered an interactive learning environment, with Dr. Varaprasad engaging the audience through case studies, discussions, and real-world examples. A Q&A session followed, allowing students to explore emerging trends and challenges in B2B e-commerce.

In his concluding remarks, Dr. Varaprasad emphasized the importance of embracing digital technologies to thrive in the modern business landscape. The seminar concluded with a vote of thanks, recognizing the contributions of the resource person, organizers, and participants.

Seminar Report

Title : Breaking Barriers: Speaking Up in Tough Conversations
Date : 24th January 2023
Speaker : P. Hariharanath Reddy
Audience : 124 Students
Venue : Seminar Hall

The seminar on **"Breaking Barriers: Speaking Up in Tough Conversations"** by P. Hariharanath Reddy was a highly impactful event. It not only equipped attendees with valuable skills for managing difficult conversations but also inspired them to communicate with courage and empathy. The event concluded with a vote of thanks by the organizers, acknowledging the active participation of all attendees.

On the 24th of January 2023, a seminar titled **"Breaking Barriers: Speaking Up in Tough Conversations"** was conducted by P. Hariharanath Reddy. The event was attended by 124 students and focused on empowering individuals to handle challenging conversations with confidence and tact.

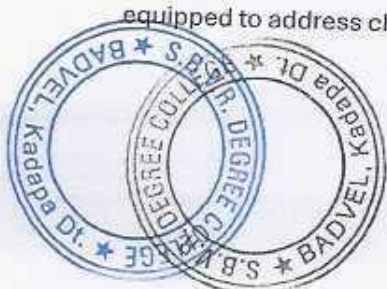

The resource person began by highlighting the significance of addressing difficult topics in both personal and professional contexts. He explained how avoiding tough conversations often leads to misunderstandings and unresolved conflicts. The seminar provided actionable strategies to engage in open, honest, and constructive dialogues while maintaining respect and empathy.

One of the key topics discussed was the importance of preparation before entering a tough conversation. The resource person emphasized understanding one's emotions, identifying the core issue, and anticipating the other person's perspective. He also shared techniques to stay calm and composed during emotionally charged discussions.

The seminar explored various communication frameworks, including active listening, assertive speaking, and the use of "I" statements to express feelings without assigning blame. The resource person demonstrated how these methods can help participants navigate disagreements and build trust.

Interactive role-playing exercises were a highlight of the session. Students were grouped to practice real-life scenarios, such as resolving conflicts with peers, giving constructive feedback, and addressing sensitive topics. These activities allowed participants to apply the concepts learned and gain confidence in their ability to handle tough conversations effectively.

Participants gave positive feedback about the seminar, appreciating the speaker's practical approach and relatable examples. Many students expressed that they felt more equipped to address challenging situations in their academic and personal lives.

Report: Social Media Platforms and Social Responsibility – Laws on 01-03-2023

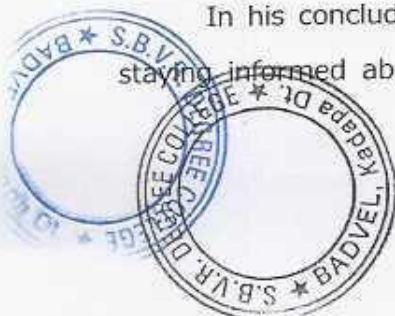

On 01-03-2023, the SBVR Degree College, Badvel, successfully hosted a seminar on "Social Media Platforms and Social Responsibility - Laws." The event, attended by 157 students, aimed to educate the student body on the complex interplay between social media usage and legal frameworks.

The seminar featured Dr. Raghavendra Char, Principal of Sri Vijaya Nagar College of Law, Anantapur, as the keynote speaker. The Resource Person, a renowned legal expert, provided a comprehensive overview of the legal landscape surrounding social media platforms. His presentation delved into the following key areas:

- **Content Regulation:** The role of platforms in moderating harmful or misleading content.
- **Data Privacy:** The importance of safeguarding user data and adhering to regulations like GDPR and India's IT Act.
- **Cyberbullying and Harassment:** Legal recourse for victims and the accountability of platforms.
- **Freedom of Expression vs. Misuse:** Balancing free speech with the need to curb misinformation and hate speech.

The seminar fostered an interactive learning environment, with resource person engaging the audience through case studies and real-world examples. A Q&A session followed, allowing students to explore emerging legal challenges in the digital age, including the impact of AI on content moderation and future trends in cyber law.

In his concluding remarks, resource person emphasized the importance of staying informed about legal developments in the digital realm and encouraged

Report on "Numbers can able to Speak - The Power of Statistics in Daily Life" Seminar on 20-08-2022 for the Academic Year 2022-23

Date: 20-08-2022

Venue: Seminar Hall, SBVR Degree College

Resource Person: Dr K Venkata Subba Reddy, Professor of Physics

Number of Attendees: 184 Students

The seminar on "Statistics Made Simple: Decoding the Numbers Around Us" was conducted at the Seminar Hall of SBVR Degree College. The seminar aimed to shed light on the significance of statistics and its application in understanding and interpreting data in everyday life. The seminar commenced with a warm welcome to the attendees. The resource person began the seminar by providing a comprehensive overview of statistics. He emphasized the importance of statistics in today's world and its role in decision-making, data interpretation, and problem-solving.

The resource person highlighted some of the current trends in statistics, such as data visualization, data analytics, with statistical methods and he discussed how these trends are shaping industries like business, healthcare, education, and technology.

The resource person delved into the crucial role of statistics in modern problem-solving. He explained how statistics provide tools to analyze real-world data, identify patterns, and make informed decisions. He also emphasized the importance of data integrity and ethical practices in statistical analysis.

The seminar addressed the challenges that individuals may face when working with statistical data, including data misrepresentation, biases, and lack of understanding of statistical methods. The resource person highlighted various opportunities available in the field of data science, business analytics, and research, encouraging students to explore careers in these areas.

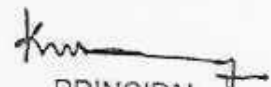

The seminar featured an interactive Q&A session where students had the chance to ask questions and seek clarifications on various aspects of statistics and its applications. This session allowed for a deeper understanding of the subject matter.

After the seminar, attendees were asked to provide their feedback, and the response was overwhelmingly positive. Students appreciated the informative content and the opportunity to interact with an experienced resource person. The event was a significant success, providing valuable insights into the relevance of statistics in understanding data and its application in diverse fields. It encouraged students to think critically about how statistics can empower them to solve real-world problems and make informed decisions.

Seminar Report on "The Future of Entrepreneurship: Trends and Technologies"

Date: Jan 05, 2024

Venue: Seminar Hall, SBVR Degree College

Resource Person:

G Pavan Kumar, Lecturer in Commerce, SKP Government Degree College, Guntakal.

Number of Attendees: 128 Students

The seminar on "The Future of Entrepreneurship: Trends and Technologies" was conducted at the Seminar Hall of SBVR Degree College on October 23, 2023. The seminar aimed to shed light on the evolving landscape of entrepreneurship and how technology is playing a pivotal role in shaping the future of this field. The resource person for the seminar was Mr G Pavan Kumar, a distinguished lecturer in Commerce from SKP Government Degree College in Guntakal.

The seminar commenced with a warm welcome to the attendees. The Principal of SBVR Degree College, along with the organizing committee, inaugurated the event. The resource person Mr. G Pavan Kumar began the seminar by providing a comprehensive overview of entrepreneurship. He emphasised the importance of entrepreneurship in today's global economy and its role in job creation, economic development, and innovation.

The resource person highlighted some of the current trends in entrepreneurship, such as the rise of social entrepreneurship, the gig economy, and the importance of sustainability in business practices. He discussed how these trends are shaping the future of entrepreneurship.

Mr G Pavan Kumar delved into the crucial role of technology in modern entrepreneurship. He explained how advancements in technology, are creating new opportunities for entrepreneurs. He also emphasised the significance of digital marketing and e-commerce for business success.

The seminar addressed the challenges that entrepreneurs may encounter, including fierce competition, access to funding, and the need for continuous learning. The resource person highlighted various opportunities available in the field and encouraged students to think creatively and explore innovative business ideas.

Seminar Report: Unveiling the Fundamentals of Intellectual Property Rights on 15-09-2023

A knowledge-enriching seminar on "Unveiling the Fundamentals of Intellectual Property Rights" took place on the 15th of September 2023 in the Seminar Hall of SBVR Degree College, Badvel. This seminar brought together 136 enthusiastic students, all eager to unlock the mysteries surrounding intellectual property rights (IPR). Dr. Nataraj K, an esteemed Associate Professor in Computer Science at SSGS Degree College, Guntakal, graciously shared his expertise as the resource person for the event, offering valuable insights into the core concepts of IPR.

The seminar was inaugurated by extending a cordial welcome to Dr Nataraj K, whose reputation as a well-versed expert in intellectual property rights had raised anticipation among the attendees. Dr Nataraj opened the presentation by illuminating the attendees about the essence of IPR. He underscored the importance of safeguarding intellectual creations, including inventions, artistic works, and distinctive brands. Dr. Nataraj then embarked on an exploration of the diverse facets of intellectual property rights. The seminar participants were treated to an insightful discussion on patents, copyrights, trademarks, and trade secrets, each offering a unique set of exclusive rights and protections to creators and innovators. Dr. Nataraj emphasized how IPR serves as a catalyst for fostering innovation and encouraging creativity across a wide spectrum of industries.

The seminar ventured into the intricate process of acquiring and enforcing IPR. Dr. Nataraj elucidated the application procedures for patents and trademarks, shedding light on the legal framework governing copyrights. He underlined the pivotal role of trademark registration for businesses in safeguarding their brand identity and the reputation associated with it. A key theme of the seminar was the palpable real-world

relevance of IPR. Dr. Nataraj artfully illustrated how intellectual property rights leave their indelible mark on industries like technology, entertainment, and pharmaceuticals. This was substantiated by an array of case studies that underscored the pivotal role of IPR in protecting innovations and serving as an incentive for continuous research and development.

The seminar concluded with a highly interactive question-and-answer session, where participants eagerly engaged with Dr. Nataraj, seeking clarifications and guidance regarding the implications of IPR within their respective areas of study and future career paths. Dr. Nataraj's responses were both insightful and thought-provoking, fostering a collaborative atmosphere of learning and inquiry.

At the end of the Seminar vote of thanks was extended to Dr. Nataraj K for his illuminating presentation on the foundational principles of intellectual property rights. The seminar left an indelible impression on the audience, leaving them with a profound understanding of the critical role IPR plays in protecting intellectual creations and the legal mechanisms available for doing so. The event marked a significant stride toward instilling awareness of IPR and its wide-reaching implications among the students of SBVR Degree College, Badvel, priming them for a future where intellectual property is a prized asset.

The seminar was inaugurated by extending a cordial welcome to Dr Nataraj K, whose reputation as a well-versed expert in intellectual property rights had raised anticipation among the 93 attendees. Dr Nataraj opened the presentation by illuminating the attendees about the essence of IPR in the digital age. He underscored the importance of safeguarding intellectual creations, including inventions, artistic works, and distinctive brands. Dr. Nataraj then embarked on an exploration of the diverse facets of intellectual property rights. The seminar participants were treated to an insightful discussion on patents, copyrights, trademarks, and trade secrets, each offering a unique set of exclusive rights and protections to creators and innovators. Dr. Nataraj emphasized how IPR serves as a catalyst for fostering innovation and encouraging creativity across a wide spectrum of industries.

A knowledge-enriching seminar on "Intellectual Property Rights in the digital age, challenges and opportunities" took place on the 03-04-2024 in the Seminar Hall of SBVR Degree College, Badvel. This seminar brought together 152 enthusiastic students, all eager to unlock the mysteries surrounding intellectual property rights in the digital age. Dr. Nataraj K, an esteemed Associate Professor in Computer Science at SSGS Degree College, Guntakal, graciously shared his expertise as the resource person for the event, offering valuable insights into the core concepts of IPR.

The seminar ventured into the intricate process of acquiring and enforcing IPR. Dr. Nataraj elucidated the application procedures for patents and trademarks, shedding light on the legal framework governing copyrights. He underlined the pivotal role of trademark registration for businesses in safeguarding their brand identity and the reputation

associated with it. A key theme of the seminar was the palpable real-world relevance of IPR. Dr. Nataraj artfully illustrated how intellectual property rights leave their indelible mark on industries like technology, entertainment, and pharmaceuticals. This was substantiated by an array of case studies that underscored the pivotal role of IPR in protecting innovations and serving as an incentive for continuous research and development.

At the end of the Seminar vote of thanks was extended to Dr. Nataraj K for his illuminating presentation on the foundational principles of intellectual property rights. The seminar left an indelible impression on the audience, leaving them with a profound understanding of the critical role IPR plays in protecting intellectual creations and the legal mechanisms available for doing so. The event marked a significant stride toward instilling awareness of IPR and its wide-reaching implications among the students of SBVR Degree College, Badvel, priming them for a future where intellectual property is a prized asset.

The seminar concluded with a highly interactive question-and-answer session, where participants eagerly engaged with Dr. Nataraj, seeking clarifications and guidance regarding the implications of IPR within their respective areas of study and future career paths. Dr. Nataraj's responses were both insightful and thought-provoking, fostering a collaborative atmosphere of learning and inquiry.

Report on Seminar Entitled

"A Comparative Analysis of Quantitative and Qualitative Research Methods" on 10-08-2023

An enlightening seminar titled "A Comparative Analysis of Quantitative and Qualitative Research Methods" took place in the Seminar Hall of SBVR Degree College, Badvel on 10-08-2023 at 10:00 AM in the seminar hall. This event was attended by a diverse audience of 180 students and 15 faculty members who eagerly gathered to expand their knowledge of research methodologies. Dr. Y Madhusudan Reddy, an esteemed Associate Professor in Mathematics at S V Degree College, Anantapur, served as the resource person for the seminar, offering valuable insights into the world of research methods.

The seminar commenced with a warm welcome to Dr Y Madhusudan Reddy. He began his presentation by providing a brief overview of the fundamental differences between quantitative and qualitative research methods. He emphasized the significance of choosing the appropriate research method based on the research question and objectives, showcasing real-world relevance to the discussion. During the presentation, the resource person explained the characteristics of quantitative research. He highlighted its reliance on numerical data, structured surveys, and statistical analysis and discussed the advantages of quantifiable data in terms of precision and objectivity. Moreover, he explained the importance of designing well-structured questionnaires and conducting surveys with a large sample size.

The seminar then shifted its focus to qualitative research, a method often considered more exploratory and subjective. Dr. Madhusudan Reddy

elucidated the essence of qualitative research in understanding complex social phenomena, emphasizing its reliance on open-ended interviews, observations, and content analysis. He pointed out the significance of interpretive and in-depth insights that qualitative research can yield. In addition to theoretical insights, practical applications were also discussed. Dr. Madhusudan Reddy provided examples of actual research studies that employed both quantitative and qualitative methods effectively. These case studies demonstrated the power of a mixed-methods approach in various research fields, such as education, healthcare, and social sciences.

Following the presentation, the seminar opened up to a vibrant question-and-answer session. The participants engaged in stimulating discussions, seeking clarification on various aspects of quantitative and qualitative research. The resource person patiently addressed each query, fostering a collaborative learning environment.

The seminar concluded with a vote of thanks to Dr Y Madhusudan Reddy for his illuminating presentation. The audience is left with a deeper understanding of research methodologies, prepared to apply this knowledge in their academic pursuits and future research endeavours. The seminar served as a significant step towards fostering a research-oriented mindset among the students and faculty of SBVR Degree College, Badvel, and left everyone inspired to explore the world of research further.

"AI Transforming the World" – A Report

Date	: 08-03-2024
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: Dr. K Nataraj, Associate Professor in Computer Science, SSGS Degree College, Guntakal
Number of Attendees	: 107 Students and Computer Science Faculty
Venue	: Seminar Hall, SBVR Degree College, Badvel

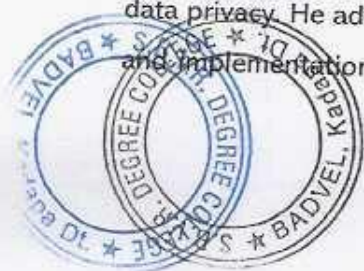

The Department of Computer Science at SBVR Degree College organized a seminar titled "AI Transforming the World" on 08-03-2024. The seminar aimed to illuminate the profound implications of artificial intelligence (AI) within the computer science domain. A total of 167 students and faculty members from the Computer Science Department attended the event.

Dr. K. Nataraj, an esteemed Associate Professor from the Computer Science Department at SSGS Degree College, Guntakal, served as the resource person. The seminar commenced with a warm welcome extended to all attendees, followed by an official inauguration led by the Head of the Computer Science Department and the organizing committee. This set the tone for a day of engaging and insightful discussions on the transformative capabilities of AI and machine learning.

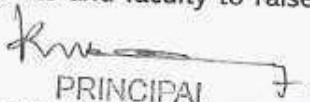

The Resource person began the seminar by providing a comprehensive overview of AI and machine learning. He explained fundamental concepts, traced the historical evolution of AI, and highlighted its expanding role across various sectors, including healthcare, finance, and autonomous systems.

The seminar progressed with an in-depth exploration of the technical aspects of machine learning. Resource Person elaborated on algorithms, data training processes, and the critical importance of high-quality datasets. He discussed the principles of supervised and unsupervised learning, emphasizing real-world applications such as image recognition and natural language processing.

Ethical considerations surrounding AI were also a focal point. Resource Person engaged the audience in discussions on ethical challenges like bias, transparency, and data privacy. He advocated for a responsible and principled approach to AI development and implementation. The interactive Q&A session allowed students and faculty to raise

questions about career opportunities in AI and machine learning, as well as seek clarifications on various technical aspects.

In his concluding remarks, the resource person underscored the importance of cultivating a deep understanding of AI and machine learning, emphasizing that these fields are poised to revolutionize numerous industries. He encouraged students to pursue careers in AI and explore opportunities for research and innovation.

The seminar successfully highlighted the transformative potential of AI and machine learning, inspiring attendees to deepen their knowledge and consider future opportunities in this dynamic and evolving field.

Seminar Report : The Rise of Social Commerce: Leveraging Social Media for Sales 08-08-2023

Topic	: The Rise of Social Commerce: Leveraging Social Media for Sales
Date	: 8th August 2023
Venue	: Seminar Hall, SBVR Degree College, Badvel
Participants	: Students and faculty of SBVR Degree College
Resource Person	: K. Venkateswarulu, Senior Lecturer in Commerce, SSGS Degree College, Guntakal

On 08-08-2023, SBVR Degree College, Badvel, hosted a seminar on the topic "The Rise of Social Commerce: Leveraging Social Media for Sales". The seminar aimed to provide insights into the growing trend of social commerce and its transformative impact on modern business practices.

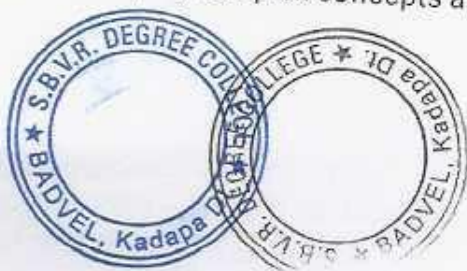

The session witnessed enthusiastic participation from 86 students and 3 faculty, who engaged with the subject of how social media platforms are being utilized for driving sales and enhancing customer engagement. The seminar commenced with a warm welcome address by the Head of the Institution. The introduction highlighted the importance of understanding social commerce in today's interconnected digital economy.

The seminar was led by Mr. K. Venkateswarulu, a Senior Lecturer in Commerce at SSGS Degree College, Guntakal. With his deep expertise in commerce and his keen understanding of digital trends, he provided a comprehensive overview of the potential of social commerce in transforming traditional business models.

The seminar included an interactive Q&A segment where students eagerly discussed the impact of social commerce on traditional retail businesses. Strategies for small businesses to adopt social commerce. Ethical considerations when using consumer data for targeted advertising.

The seminar on "The Rise of Social Commerce: Leveraging Social Media for Sales" successfully provided a comprehensive understanding of the growing significance of social commerce. It inspired students to explore innovative approaches for using social media as a business tool and emphasized the need to adapt to evolving consumer behaviors in the digital age.

The seminar received positive feedback for its engaging content and practical relevance. Participants appreciated the resource person's ability to simplify complex concepts and connect them with real-world examples.

Seminar Report on Data Analytics and Personalized Commerce on 08-02-2024

Topic	: Data Analytics and Personalized Commerce
Date	: 8th February 2024
Venue	: Seminar Hall, SBVR Degree College, Badvel
Participants	: Students and faculty of SBVR Degree College
Resource Person	: B. Siva Kumar, Assistant Professor, Department of Computer Science, SSGS Degree College, Guntakal

The seminar on "Data Analytics and Personalized Commerce" effectively highlighted how data analytics is reshaping the commercial landscape by enabling personalized customer experiences. It inspired students to consider the critical role of data-driven strategies in shaping their careers and entrepreneurial ventures.

On 08-02-2024, SBVR Degree College, Badvel, organized a seminar on "Data Analytics and Personalized Commerce". The event aimed to shed light on the critical role of data analytics in driving personalized customer experiences and enhancing commerce strategies in the digital era. The seminar drew significant participation from 79 students and 04 faculty, providing an engaging platform to explore the intersection of technology and commerce. The seminar began with a formal welcome address by the Head of the Institution. The introduction emphasized the growing importance of data-driven decision-making and personalized commerce in today's competitive market environment.

The session was conducted by Mr. B. Siva Kumar, an Assistant Professor in the Department of Computer Science at SSGS Degree College, Guntakal. Known for his expertise in data science and its applications in various fields, Mr. Siva Kumar brought valuable insights into how data analytics is revolutionizing commerce. Addressed issues such as data privacy, security concerns, and ethical considerations. Highlighted the importance of regulatory compliance, including GDPR and data protection laws.

A Seminar Report on "Trends on Web Development - From Web Apps to Web Assembly" on 09-02-2024

Date	: 09-02-2024
Organized by	: Department of Computer Science, SBVR Degree College
Resource Person	: D Sulthan Basha, Assistant Professor, SSGS Degree College
Number of Attendees	: 75 Students and Computer Science Faculty

The Department of Computer Science at SBVR Degree College organized a seminar on "Trends on Web Development - From Web Apps to Web Assembly" on 09-02-2024. This seminar aimed to provide students and computer science faculty with a comprehensive understanding of the latest trends and innovations in web development. The resource person is an esteemed Assistant Professor, SSGS Degree College, Guntakal served as the distinguished resource person for the event.

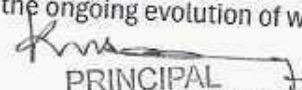

The seminar opened with a warm welcome to all attendees and an official inauguration by the Head of the Computer Science Department and the Members of the Department. This set the stage for a day of insightful discussions and exploration of cutting-edge web development trends. D Sulthan Basha commenced the seminar by introducing the audience to the rapidly evolving field of web development. He emphasized how web applications have become an integral part of modern life and the need for developers to stay updated on emerging technologies.

The resource person explored the latest trends in web development, beginning with Progressive Web Apps (PWAs). He explained how PWAs are transforming the user experience on the web by providing a seamless, fast, and reliable experience, like native applications, and how they are changing the landscape of mobile and web development.

The Resource Person also discussed Web Assembly, a groundbreaking technology that enables high-performance, low-level code to run directly in web browsers. He elaborated on the potential of Web Assembly to revolutionize web applications, making them faster and more efficient. An interactive Q&A session provided students and faculty members with the opportunity to seek clarification on various aspects of web development trends. The Resource addressed questions, fostering a deeper understanding of the subject matter and facilitating meaningful discussions.

The seminar on "Trends on Web Development - From Web Apps to Web Assembly" was a resounding success, leaving the 75 students and computer science faculty members with valuable insights into the latest advancements in web development. It not only reinforced the importance of staying current in this dynamic field but also inspired participants to engage with these trends, experiment with new technologies, and contribute to the ongoing evolution of web development.

Seminar Report: Role of Women in Science, Commerce, and Literature on 23-03-2024

Topic : Role of Women in Science, Commerce, and Literature
Date : 23rd March 2024
Venue : Seminar Hall, SBVR Degree College, Badvel
Participants : 125 Women students of SBVR Degree College
Resource Person : Ms. K. Menemma, Assistant Professor, SSGS Degree College

SBVR Degree College, Badvel, organized an inspiring seminar titled "Role of Women in Science, Commerce, and Literature" on March 23, 2024. Tailored exclusively for women students, the seminar aimed to empower them with insights into the significant contributions of women in these fields and encourage them to pursue meaningful careers. The keynote speaker for the event was Ms. K. Menemma, an esteemed Assistant Professor at SSGS Degree College, Guntakal. Renowned for her academic excellence and advocacy for women's empowerment, the resource person delivered a thought-provoking session that celebrated the achievements of women while addressing the barriers they continue to face.

The resource person addresses the contributions of Women in Science and highlighted groundbreaking achievements by women scientists throughout history, such as their pivotal discoveries in medicine, physics, and technology. She delved into the challenges women face in STEM (Science, Technology, Engineering, and Mathematics) fields, including gender bias, lack of representation, and societal stereotypes, while encouraging students to overcome these hurdles through determination and resilience.

She pressed the successful women in commerce and entrepreneurship, and explored the increasing participation of women in commerce and entrepreneurial ventures. The resource person emphasized the importance of financial literacy, digital skills, and adaptability in today's dynamic economy. She showcased examples of

successful women entrepreneurs who have redefined business practices and encouraged students to leverage these lessons for their own growth.

The resource person presented the women's contributions to literature and a significant portion of the seminar was devoted to analyzing the profound impact of women writers on world literature. The speaker highlighted the unique perspectives and voices women bring to their writing, often drawing from their lived experiences. She provided examples of influential women authors who have challenged societal norms and enriched global literary traditions.

The seminar fostered a highly engaging and interactive environment. Students actively participated in discussions, sharing their aspirations and concerns about pursuing careers in science, commerce, and literature. She provided insightful guidance, addressing queries related to overcoming societal expectations, building confidence, and finding mentors. The seminar emphasized the need for women to gain expertise and excel in their chosen fields. The resource person urged women to challenge societal norms and strive for excellence in male-dominated industries. She stressed the importance of lifelong learning, mentorship, and building strong networks to foster personal and professional growth.

The seminar on "Role of Women in Science, Commerce, and Literature" was a resounding success. It provided a platform for women students to reflect on the contributions of women to various domains while inspiring them to break barriers and achieve their dreams. By highlighting both the achievements of women and the challenges they face, the seminar served as a powerful catalyst for empowerment. The event left participants motivated to make meaningful contributions to society and pursue excellence in their endeavors.

Seminar Report on The Confident Speaker: Tools and Tips for First-Time Presenters on 15-03-2024

Title	: The Confident Speaker: Tools and Tips for First-Time Presenters
Date	: 15-03-2024
Speaker	: Dr. B. Ramalakshma Reddy, Retired Principal
Venue	: SBVR Degree College Seminar Hall
Organized by	: All Language Departments
No. of Students	: 74

On the 15-03-2024, a seminar titled "**The Confident Speaker: Tools and Tips for First-Time Presenters**" was conducted by **Dr. B. Ramalakshma Reddy**, Retired Principal. The seminar, held at the SBVR Degree College Seminar Hall, attracted an audience comprising students, faculty, and aspiring presenters. The session aimed to equip first-time presenters with the tools and confidence required to deliver impactful presentations.

The resource person began the session by discussing common fears and challenges faced by novice speakers, such as stage fright, lack of preparation, and fear of judgment. He provided strategies to overcome these barriers, including deep breathing exercises, visualization techniques, and practicing in front of small, supportive audiences. The emphasis on building confidence resonated strongly with the attendees.

An important part of the seminar was dedicated to the structure of an effective presentation and outlined its essential components: an engaging introduction to capture the audience's attention, a clear and organized body to present the main content, and a strong conclusion to summarize key points and leave a lasting impression. He also highlighted the role of slides and other visual aids in enhancing clarity and impact, providing tips for designing visually appealing and easy-to-understand materials.

Non-verbal communication was another key focus area. The resource person demonstrated how posture, gestures, facial expressions, and eye contact play a crucial role in engaging the audience and conveying confidence. He also facilitated interactive practice sessions where participants delivered short presentations and received constructive feedback. These activities allowed attendees to apply the concepts discussed during the seminar and gain hands-on experience.

The seminar was well-received, with participants appreciating the resource person's approachable and encouraging style. Many attendees found the practical tips and interactive exercises particularly helpful in boosting their confidence and presentation skills.

Seminar Report - Cyber Law in the Digital Era: Protecting Rights in Virtual Spaces on 17-09-2023

On **17-09-2023**, SBVR Degree College hosted a seminar on the topic "**Cyber Law in the Digital Era: Protecting Rights in Virtual Spaces**". This insightful event was organized to explore the increasing importance of cyber law in safeguarding individual and collective rights in the rapidly evolving digital landscape. The seminar took place in the college's seminar hall and witnessed the participation of 129 students and faculty members.

The resource person for the seminar was **Mr. M. Mahesh**, Vice Principal and Assistant Professor at Sri Vijaya Nagar College of Law, Anantapur. Known for his expertise in cyber law and legal education, the resource person provided a comprehensive understanding of the subject matter.

The event began with a formal inauguration ceremony, where the Principal of SBVR Degree College delivered a welcome address, emphasizing the relevance of cyber law in today's interconnected world. This was followed by the introduction of the resource person by the Head of the Department of Computer Science, highlighting his notable contributions to the field of law.

the resource person commenced the seminar by outlining the fundamentals of cyber law and its significance in protecting digital rights. He discussed the rapid growth of the internet and digital platforms, which has necessitated robust legal frameworks to address issues such as data breaches, identity theft, cyberbullying, and online fraud. The seminar covered key topics, including: **Overview of Cyber Law**: Historical development and current trends. **Data Protection and Privacy**: Legal frameworks to safeguard personal information in virtual spaces. **Intellectual Property Rights in Cyberspace**: Addressing piracy and copyright infringement. **Cybercrime and Legal Remedies**: Types of cybercrimes and the penalties outlined

in Indian and international laws. **Social Media Regulation:** Challenges in ensuring responsible online behavior.

A highlight of the seminar was the discussion on case studies that demonstrated the real-world application of cyber laws. The resource person emphasized the importance of staying informed about digital rights and adopting ethical practices while using online platforms.

The session concluded with an interactive Q&A segment, where participants posed questions on various aspects of cyber law, including career opportunities in the field, the effectiveness of current legal provisions, and the role of emerging technologies like artificial intelligence in cybercrime prevention.

In his closing remarks, the resource person encouraged students to be vigilant digital citizens and consider pursuing further studies or careers in cyber law to contribute to a safer digital ecosystem. The Principal of SBVR Degree College expressed gratitude to the resource person and attendees, highlighting the seminar's success in raising awareness and sparking interest in this critical area.

The seminar was a significant step towards equipping students with the knowledge and awareness needed to navigate and protect their rights in the digital era.

Seminar Report on "Women Rights in the Society" on 25-08-2023

SBVR Degree College, Badvel, organized a seminar titled "**Women Rights in the Society**" on 28-08-2023. The event took place with 127 students in the college's Seminar Hall and witnessed active participation from both students and faculty members. The Resource Person, an esteemed Assistant Professor of Law at Sri Vijaya Nagar College of Law, Anantapur. Her extensive expertise and passion for gender justice provided a solid foundation for an enlightening discussion.

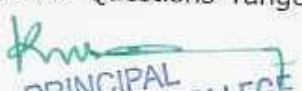

The seminar began with a formal welcome and inauguration led by the Head of the Institution. The Resource Person commenced the session by outlining the significant progress made in gender justice through legal frameworks and policy reforms. She highlighted key milestones such as the implementation of the Domestic Violence Act, amendments to inheritance laws, and the reservation of seats for women in local governance.

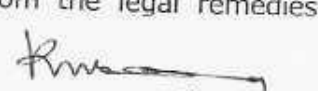

Exploring the challenges, The Resource Person emphasized the persistent issues of gender-based violence, wage disparity, and underrepresentation of women in leadership roles. She explained how societal and cultural barriers often hinder the effective implementation of gender-justice laws. Her presentation underscored the importance of creating awareness and fostering gender-sensitive environments within communities.

During her session, The Resource Person also addressed landmark cases that have shaped the discourse on women's rights in India. She discussed judgments on issues like sexual harassment at the workplace, equal pay, and reproductive rights, illustrating how the judiciary plays a pivotal role in upholding gender justice.

The seminar also included an interactive segment where attendees actively engaged with the resource person. Questions ranged from the legal remedies

Think Smart, Solve Better: A Guide to Critical Thinking Mastery -Report

07-01-2024

On 07-01-2024, SBVR Degree College hosted an insightful seminar titled "Think Smart, Solve Better: A Guide to Critical Thinking Mastery." The session was designed to enhance students' critical thinking skills and equip them with strategies for tackling complex problems. The resource person for the seminar was Dr. R. Suresh Babu, Associate Professor of Mathematics at SSGS Degree College, Guntakal.

The seminar began with a warm welcome from the Principal of SBVR Degree College, who emphasized the significance of critical thinking in academic success and personal growth. The Principal highlighted how the ability to think critically is an essential skill for navigating the complexities of the modern world. The organizing committee extended their gratitude to Dr. R. Suresh Babu for sharing his expertise with the students.

Dr. Suresh Babu commenced the session by defining critical thinking as the ability to analyze, evaluate, and synthesize information to make informed decisions. He highlighted its importance in fostering logical reasoning, effective communication, and innovative problem-solving. Drawing from his extensive experience in mathematics and education, he shared practical examples of how critical thinking can be applied in various disciplines and real-world situations.

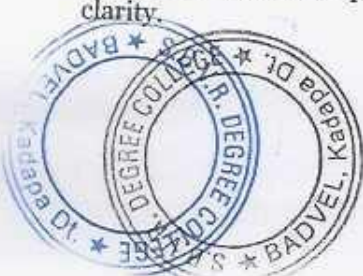

The seminar focused on key strategies for mastering critical thinking. Dr. Suresh Babu discussed techniques such as questioning assumptions, identifying biases, and evaluating evidence. He encouraged students to approach problems with an open mind and to consider multiple perspectives before reaching conclusions. Additionally, he emphasized the importance of developing curiosity and a habit of asking insightful questions as foundational elements of critical thinking.

Dr. Suresh Babu also addressed the common challenges that hinder critical thinking, such as cognitive biases, lack of clarity, and over-reliance on intuition. He provided actionable tips to overcome these obstacles, including practicing active listening, engaging in reflective thinking, and seeking constructive feedback. He stressed the need for continuous learning and adaptability in today's ever-changing environment.

A highlight of the seminar was the interactive Q&A session, where students actively participated by posing questions related to critical thinking and its practical applications. Dr. Suresh Babu's detailed responses and relatable examples helped clarify concepts and inspired students to embrace critical thinking in their academic and personal lives.

The seminar concluded with a feedback session, where students expressed their appreciation for the resource person's engaging and informative presentation. Many attendees noted that the seminar had broadened their understanding of critical thinking and motivated them to apply these skills to solve problems more effectively.

In conclusion, "Think Smart, Solve Better: A Guide to Critical Thinking Mastery" was a highly successful seminar. It provided students with valuable insights and practical strategies to enhance their critical thinking abilities. The session empowered students to think independently, solve problems efficiently, and approach challenges with confidence and clarity.

Report on "The Art of Interpreting Data: Statistics for Everyone" Seminar on 10-09-2023 for the Academic Year 2023-24

Date: 08-10-2023

Venue: Seminar Hall, SBVR Degree College

Resource Person: Dr Nataraj K, Associate Professor of Computer Science, SSGS Degree College, Guntakal.

Number of Attendees: 56 Students

The seminar on "The Art of Interpreting Data: Statistics for Everyone" was conducted at the Seminar Hall of SBVR Degree College on 08-10-2023. The seminar aimed to shed light on the significance of statistics and its application in understanding and interpreting data in everyday life. The seminar commenced with a warm welcome to the attendees. The resource person began the seminar by providing a comprehensive overview of statistics. He emphasized the importance of statistics in today's world and its role in decision-making, data interpretation, and problem-solving.

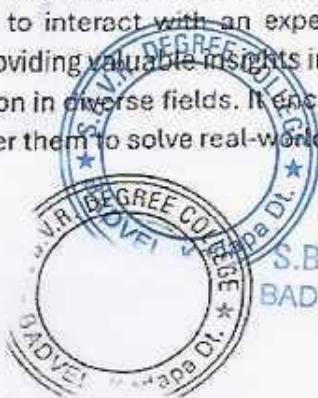

The resource person highlighted some of the current trends in statistics, such as data visualization, data analytics, with statistical methods and he discussed how these trends are shaping industries like business, healthcare, education, and technology.

The resource person delved into the crucial role of statistics in modern problem-solving. He explained how statistics provide tools to analyze real-world data, identify patterns, and make informed decisions. He also emphasized the importance of data integrity and ethical practices in statistical analysis.

The seminar addressed the challenges that individuals may face when working with statistical data, including data misrepresentation, biases, and lack of understanding of statistical methods. The resource person highlighted various opportunities available in the field of data science, business analytics, and research, encouraging students to explore careers in these areas.

The seminar featured an interactive question and answer session where students had the chance to ask questions and seek clarifications on various aspects of statistics and its applications. This session allowed for a deeper understanding of the subject matter.

After the seminar, attendees were asked to provide their feedback, and the response was overwhelmingly positive. Students appreciated the informative content and the opportunity to interact with an experienced resource person. The event was a significant success, providing valuable insights into the relevance of statistics in understanding data and its application in diverse fields. It encouraged students to think critically about how statistics can empower them to solve real-world problems and make informed decisions.
